

Toronto is on Lockdown! Updated January 13th

With Ontario Premier Ford's recent announcement about Toronto in lockdown and the stay-at-home order as of January 13th we have decided to our part to help flatten the curve.

Although we are deemed an essential service and could operate as usual, we have decided to help control the increasing COVID-19 cases. To do this, we are cutting back on the number of people (patients, staff, and doctors) in our office for the next few weeks. Staff and Doctors will be in the office, but in limited numbers, while other staff will be working from home. Please be patient with response times.

What YOU can do to help out;

- 1) Curb-side pick up for Glasses/Contact lenses/Dry Eye Products - we will be happy to make any necessary adjustments for your glasses when COVID-19 cases decline and it be safe to do so.
- 2) Eye Appointments - please only call to book appointments if it's necessary. If you feel your eye care can wait until a safer time, then please wait.
- 3) Eye Emergencies? - please call so we can accommodate you within our office or guide you to another facility for proper and timely care.
- 4) Please continue to be considerate, kind, and stay safe so we can all play our part in flattening the curve

Please see our temporary hours;

CLINIC HOURS
